HiSET® Prep Courses
Formerly the GED® - The HiSET® test has replaced the GED® Exam in Massachusetts

Get a fresh start on preparing to take the High School Equivalency Test (HiSET) at RCC!

Students will take diagnostic practice tests, work with instructors to develop study plans, and learn to track their own progress. Students can also take advantage of additional tutoring and computer skills classes.

Students should use these preparation courses to supplement their own ongoing studying and exam preparations.

Roxbury Community College is a testing site for the HiSET. Please note that there is a separate fee for taking the actual HiSET exam.
