#### Appeal

The SAP policy requires that students meet quantitative, qualitative and maximum timeframe standards.

**All Financial Aid Academic Progress standards are cumulative**, the Financial Aid appeal is **NOT** about last semester alone, but about your entire career at RCC. To demonstrate your understanding of these standards please use information found on MyRCC to answer the following three questions.

Part of the appeal process will include developing an Academic Plan to reestablish your financial aid eligibility; the Academic Plan outline is the first step in this required development. Upon request students must be willing to meet with a Financial Aid Counselor to develop an academic plan for their financial aid eligibility to be reinstated.

## Part I (please read!)

### Question # 1: What is your Cumulative Completion Ratio at RCC?

*Hint: your cumulative completion ratio is the number of classes you have attempted (including all classes transferred for credit towards your RCC degree) compared to the number of classes you have successfully completed.*

*This information can be found on MyRCC on your unofficial transcript, click Grades on the top tabs.*

*Note: **DO NOT USE THE CREDITS AT THE BOTTOM OF EACH SEMESTER OR THE TOTALS**, these totals remove classes from the completion ratio, which must be counted for Financial Aid eligibility. Count each semester.*

#### Successfully completing includes:

- Any letter grade between a D- and an A as well as any P on a Pass/Fail course count as successfully completed, this also includes Repeat D- or above.
- W, WA's, F, FA, I, PS, Repeat F's are not counted towards successfully completing.
- Whether or not a student received aid for a class does not impact the inclusion in the calculation.

#### Remember

- W, WA, PS, F and I's cannot be included as successfully passed
- NA are ignored, as they mean you never attempted the class
- All Grades D- or above count as completed (even if they are not counted towards graduation.
- Repeat classes count, as if they were not repeated
- Classes must be counted whether you received aid or not for the particular class

**What is your Total attempted Credit \_\_\_\_\_?**

**What is your Total successfully completed credit\_\_\_\_\_**

Divide the # of successfully completed credits by the # of attempted credits

\_\_\_\_\_ divided by \_\_\_\_\_ = completion ratio

**Answer # 1:** My cumulative completion ratio is \_\_\_\_\_%

If this is less than **66.67%** you are failing to meet the minimum completion ratio requirement.

Attempted classes include: any class, P/F, or repeat class that appears on your unofficial transcript except for NA (these mean you did not attend at all and were not charged). In addition, any classes that you completed at another school and were accepted for transfer at RCC count both towards attempted credits, as well as successfully completed credits.

**Question # 2:** What is your Cumulative College GPA for all study here at RCC?

*Hint: Your cumulative GPA can be found on MyRCC under the Grades tab*

**Answer # 2:** My Cum GPA is \_\_\_\_\_ (below are the minimum cumulative GPA requirements, the total number of credits you have attempted, determines the requirement.)

<u>Number of credits attempted/earned</u>	<u>Minimum cumulative GPA required</u>
1-12	1.50
13 – 30	1.70
31 and above	2.00

**Question # 3:**

The third component of Financial Aid Satisfactory Academic Progress is Maximum Timeframe. Students are required to complete their degree within 150% of the published timeframe. This does not have to be counted in years but by the number of credits completed.

Example:

*If your program is a 60 credit program, you must complete it within 90 credits to be within this standard.*

*What are the required credits to complete your current program? Multiply this by 1.5*

*Example, 32 credit program X 1.5 = 48 credits*

# of credits required for your program \_\_\_\_\_ X 1.5 = \_\_\_\_\_

If the number you have attempted is equal to or exceeds 150% of the required number then you are not meeting this standard. While you may be over the number of credits due to a change or changes in majors that does not allow us to adjust these totals. However please explain this in the following section as it may be used as a factor in granting your appeal.

**Answer # 3:** The number of credits I have attempted is \_\_\_\_\_ (If this is equal to or higher than 150% of the credits required for your program you are not meeting the 150% timeframe requirement).

## **Part II**

You must write a letter of appeal explaining the extenuating circumstance that caused you to be on Satisfactory Academic Progress suspension. Please be thoughtful when writing this letter and supply the Financial Aid office with copies of any supporting documentation that supports your appeal. As well, please answer the following two questions listed below:

**Question # 1: Have you attended another college or university prior to RCC? \_\_\_\_\_ .**

Please list the schools, the number of classes successfully completed and if you have submitted an official transcript to RCC to take advantage of any transfer credits that might reduce the number of classes you need to complete your degree at RCC?

College	# of classes successfully completed	Official Transcript submitted to RCC?
---------	-------------------------------------	---------------------------------------

_____	_____	_____
_____	_____	_____

**Question # 2:** I would like to be exempted from developing an academic plan and/or providing documentation of the aforementioned Extenuating Circumstances because I:

**[ ] will be graduating within the semester I am requesting the appeal to cover.**

**[ ] can bring all elements of the SAP policy up to the minimum standard within one semester.**

***Please explain how you intend to bring your status up within one semester.***

By submitting this appeal you are agreeing to work with the Financial Aid Staff to develop a plan that will allow you to continue to receive financial aid funds to pursue your academic career while bringing your Satisfactory Academic Performance back into compliance. Failure to work with the office to develop a reasonable plan and/or failure to meet the terms of the agreed upon plan in the current or future semesters will be grounds for our office to cancel your Academic Plan and reinstate your Financial Aid Suspension.

Once you receive your determination and academic plan, it will require that you sign and return the plan before aid will be credited to your student account.
