COURSE DESCRIPTIONS

LEED Green Associate v4 (Certification Prep)

The LEED certification prep course provides the first step in understanding the Leadership in Energy and Efficiency Building Certification process. The course provides an introduction to LEED(v4), including: Innovation in design & regional priority, location & transportation issues, sustainable sites, water efficiency, materials & resources, and indoor environmental quality. The class prepares students for the LEED Green Associate exam developed by the U.S. Green Building Council. Students acquire skills that can enhance their career options in sustainability management, and LEED Building Certification.

WELL (Certification Prep)

The WELL Certification prep course provides an introduction to the leading tool for advancing health and well-being in buildings globally, the Well Certification process. The course provides an introduction to Well (v1), including: The Innovation, Air, Water, Nutrition, Light, Fitness and Mind Concepts. The class prepares students for the Well Accredited Professional exam developed by the International WELL Building Institute.

WELL and LEAD Registration Form
